「Support Project of Acceptance of Foreign Human Resources acceptance and supply business Skills in the Manufacturing Industry」 Outsourced by the ministry of Economy, Trade and Industry

Job Fair For Foreign Human Resource with Specified Skills in the Manufacturing Industry

※【Applicants】 Filipino nationals who wish to work in Japan under the Status of Residents 「Specified Skills」

Date	February 22, 24, and 27, 2023 * 12:00 to 15:30 (Philippine time)	Language	Japanese
Method	Online (WebEX)	Participation Fee	Free

* Please attend the event when your preferred companies are present at the seminar.

Event Outline

At this event, representatives from participating Japanese companies interested in hiring foreign nationals with specified skills will make a presentation of what their companies do and explain what job functions they expect the foreign nationals to perform in their organizations. We look forward to the participation of those who have passed the Japanese Language Proficiency Test or the Special Skills Evaluation Test, as well as those who have stayed in Japan as technical interns in the past and are considering working in Japan again in the future.

Program Outline

- Representatives from participating Japanese companies will make a presentation of their organizations and answer questions from the audience in a question and answer session. (Each company will have 20 minutes to make a presentation.)
- Participating companies will promote their attractiveness to foreign nationals who are interested in working in Japan.
- Presentations will be made in plain Japanese. Services of an interpreter will not be provided.
- Please visit our website below to find out more about participating companies and their presentation times. (URL https://www.sswm.go.jp/assets/files/seminar_f/jobfair_corp_list.pdf)

Applicants

- Those who have passed or are aiming to pass the Japanese Language Proficiency Test or the Evaluation Category 1 Test for Specific Skills in the Manufacturing.
- Those who have stayed in Japan as technical interns in the past and are considering working in Japan again in the future.
- Those who are in Japan and planning to complete the technical intern training
