

Specific Skills Seminar for Working in Japanese Manufacturing Industry

[Applicants] Non-Japanese nationals who wish to work in Japan under the Status of Residents "Specified Skills"

Date/Time	Wednesday, 13th September 2023 9:30-11:00 (Philippines time)	Capacity	200 persons (Application will be closed when the capacity is reached)
Method	Online Seminar (Webex)	Participation Fee	Free

Seminar Outline

On April 1st, 2019, Immigration Control and Refugee Recognition Act took effective, establishing 「Specified Skills」 as new Status of Residents. In Manufacturing Industry, (1) the machine parts and tooling industry, (2) the industrial machinery industry (3) the electric, electronics, and information industry, these three factors are the acceptance target field of Status of residents 「Specified Skills」.

This seminar will provide an explanation of the system related to Specified Skills, an overview of the skills evaluation test, and case studies of companies which have accepted foreign human resources with Specified Skills.

We look forward to the active participation of those who are considering the use of Special Skills System.
